

Greetings from St. Mary's.

We are at the end of a challenging year. This year had been an unusual one with an incredible teaching learning process. I raise my heart in gratitude to God Almighty for walking with us and protecting us and blessing us with innumerable blessings. The pandemic did not deter our spirit and we adapted to the 'new normal' soon enough. I appreciate the effort of our teachers, parents and the students in welcoming the new norm and being adaptable to each and every situation. It was encouraging to see the cooperation of our teachers and the parents striving to give quality education to our students. Well done dear teachers, students and the parents! Embracing all the odds we faced, proudly we stand at the close of this academic year ready to welcome another year of God's miracles
